The Tools

The London

£35.00 - silver

£37.50 - black

The London cuticle nipper is a slimline, precise, professional tool. The additional of the clasp (locking mechanism) also makes this the ideal purchase for mobile nail techs and session artists.

The key feature of The London, aside from the slimline shape which makes for an ergonomic fit, is the BLADE. At 3.5mm, the blade is designed specifically for precision. Smaller nail plates and tighter corners? Not a problem for The London!

The New York

£35.00 - silver

£37.50 - black

The New York cuticle nipper is a slimline, precise, professional tool. Unlike The London, The New York has a more traditional, clasp free look. Don't let her beauty fool you - she isn't just a fashion accessory.

The key feature of The New York, aside from the slimline shape which makes for an ergonomic fit, is the BLADE. At 3.5mm, the blade is designed specifically for precision. Smaller nail plates and tighter corners? Not a problem for The London!

The Venice

£20.00 - silver

£22.50 - black

The Venice is a dual-ended cuticle pusher and comes with a two different sized spoon ends. The benefit of having The Venice in your collection is that the spoon ends cater for different sized nail plates.

This is an essential tool and is designed to push back & open the proximal nail fold - step one of the manual nail prep!

- Dual ended
- Available in black or silver
- This item comes with a 12 month warranty to protect against manufacturing faults
- Two sizes of spoon ends make it easier to cater for differing nail plate sizes
- Designed to push back & open proximal nail fold

The Sydney

£20.00 - silver

£22.50 - black

The Sydney is a nail clipper, perfect for both manicures and pedicures. Its curved blade helps prevent breaking and splitting of the nail.

- Dual ended
- Available in black or silver
- This item comes with a 12 month warranty to protect against manufacturing faults
- Perfect for manicures and pedicures

The Tokyo

£20.00 - silver

£22.50 - black

The Venice is a dual-ended cuticle pusher and comes with a two different sized spoon ends. The benefit of having The Venice in your collection is that the spoon ends cater for different sized nail plates.

This is an essential tool and is designed to push back & open the proximal nail fold - step one of the manual nail prep!

- Dual ended

The Milan

£20.00 - silver

£22.50 - black

The Milan is a dual-ended cuticle scraper and comes with a straight edge scraper on one end & a cuticle knife on the other - a must have in the salon. Her ability to remove excess non living tissue from the nail plate is matched only by her beauty.

- Dual ended and Perfect for removing non living tissue from the nail plate

The Rio

£20.00- silver

£22.50 - black

The Rio is a dual-ended cuticle tool which comes with a shaped end while the other end is a curette. Both ends are designed to compliment each other in the removal of non living tissue from difficult to reach areas such corners & side walls as well as cleaning the underside of the nail.

This tool is perfect for those wanting to go one step further in their nail prep from very good to immaculate. It is also ideal for pedicures.

- Dual ended
- Available in black or silver
- This item comes with a 12 month warranty to protect against manufacturing faults
- Perfect for removing non living tissue from difficult to reach area
- Ideal for pedicures

The Paris

£17.50 - silver

£20.00 - black

The Paris is a dual-ended nail art tool or decoration tool which comes with a dotting tool at one end and a sharp end on the other. The dotting tool end is for creating medium to large sized dots and more depending on your level of creativity.

The sharp end is the swiss arm knife of nail art tools - ideal for mixing colours, creating stunning marbling, precision nail art and even removing colour spillages from cuticle area

- Dual ended
- Available in black or silver
- This item comes with a 12 month warranty to protect against manufacturing faults
- Designed to help your creative side with nail art, colour mixing etc
