

# NAIL TOOLS

LP Guide

## LUCY PASTORELLI

Passionate about Promoting Industry Excellence, Lucy Pastorelli began working with her nail clients over 10 years ago, and has since grown to have a nail bar, training academy and now her own range of products. Teaching her ABT and Guild accredited Nail

courses - Lucy promotes 'hands on' student learning, featuring as much practical experience as possible with the use of live models in the training sessions. Lucy's ethos doesn't just stop at her teaching methods, after many years of teaching and witnessing students arrive with substandard equipment, Lucy embarked on a mission to design and produce her own range of professional nail tech equipment and tools.

'I wanted to provide my students with quality, yet affordable equipment - I believe the nail industry is changing and technicians are understanding the importance of using quality tools and equipment, not only for longevity of the tools, but also for perfect performance and their wellbeing too'

The closure of the Beauty industry during the pandemic, gave Lucy the time to explore production methods, and speak to designers and manufacturers - and, after months of researching, endless zoom calls, Lucy eventually found a reputable Yorkshire manufacturer - who specialise in medical grade surgical tools.

Working closely together Lucy's ideas came to life and the LP Black Tool range was created. Coated four times in titanium, the tools are built to last, they're strong, hygienic and look pretty good too.

## Lucy Pastorelli Information

Tool, drill bits and efile supplier  
www.lpnails.com  
@lucypastorellitools\_

Nail Tools range from £32.00 - £45.00 per tool.

- + 12 month warranty from the date of purchase for each tool.
- + Manufactured in the UK.
- + Original black tool range.
- + Teaches Efile courses.
- + Based in Yorkshire.
- Not as many cuticle tools.
- Believes a combination of Efile and tool prep together on the nail.

## The Tools

### Cuticle Nippers - £45.00

This tool has been manufactured in Yorkshire and has been covered in a unique Titanium Carbide coating, designed for longevity and optimum hygiene. All the LP tools are made from surgical steel.

The nipper tool has a 6mm blade, this is a unique design for the LP tool range and will give you ultimate precision when preparing nails pre manicure and pedicure.

### The Cuticle Pusher - £32.00

This tool has been manufactured in Yorkshire and has been covered in a unique Titanium Carbide coating, designed for longevity and optimum hygiene.

The tool is double ended with a curved contoured edge at one end and a flat petite pusher at the other. This cuticle pusher has been designed to be suitable for any pre manicure and pedicure preparation. The different edge pusher works effectively to push the cuticle back and remove non-living tissue from the nail plate making this a must have tool for any nail technician.

### The Cuticle Knife - £32.00

This tool has been manufactured in Yorkshire and has been covered in a unique Titanium Carbide coating, designed for longevity and optimum hygiene.

The tool is double-ended with a 5mm flat blade at one end, and a 14mm round top side blade at the other. The cuticle knife has been designed to be suitable for any pre manicure and pedicure preparation.

The different blade edges effectively remove non-living tissue from the nail plate making this a must have tool for any nail technician.

### Efile - £145.00

The LP Electric file has all the features that any mobile and salon based technician requires.

The high speed and digital display make our eFile easy to use, as the RPM is displayed as you work. Meaning you know exactly what speed you are working at all times. This can be easily turned up or down making for smooth transitions during your work.

Specs:

35,000RPM

Digital speed display screen

Torque of 2.5ncm

Forward and reverse action

No vibration - Almost silent

### Perfect Prep Kit - £35.00

This collection has been designed by Lucy and the team, and is the go-to for perfect nail preparation. The Perfect Prep Kit contains five of the highest quality drill bits and a handy dust brush, making it the ultimate preparation kit for any nail technician.

The Perfect Prep kit contains:

- 1 x Mini Diamond Ball
- 1 x Diamond Twist Flame
- 1 x Diamond Ball
- 1 x Diamond Barrel
- 1 x Diamond Flame
- 1 x Dust Brush

### Pro Kit - £60.00

This kit is made up of my very favourite drill bits that are essential to any nail technician. The selection of shapes and grits makes this the perfect all round kit for professionals.

The Pro Kit contains:

- 1 x Swiss Barrel
- 1 x Swiss Safety Barrel
- 1 x 5-in-1
- 1 x Glider
- 1 x Halo
- 1 x Penelope

### Onyx Pro Kit - £50.00

Featuring 4 of our favourite drill bits, which are covered in a black durability titanium coat, which not only makes them more hygienic - it also gives them longevity, meaning they last longer and look amazing too.

The Onyx Pro kit contains:

- 1 x Onyx Barrel
- 1 x XL Onyx Barrel
- 1 x Cross Hatch
- 1 x Onyx Halo

### Violet Kit - £68.00

This kit is made up of five different drill bits that have been created for both left and right handed use. The selection of shapes and grits makes this the perfect all round kit for professionals. All the bits in this collection are coated in a purple durability coat which protects the bits from oxidation meaning they last twice as long as regular eFile bits.

The Violet Kit contains:

- 1 x Violet Swiss Barrel
- 1 x Violet Safety Barrel
- 1 x 5-in-1
- 1 x Violet Halo
- 1 x Glider
